Concealed Fixing Method

Please note that fixings are not included with this device as the fixing method will depend on the structure onto which the rail is to be secured. If fitting to a concrete or masonry wall, make sure that good quality plugs and screws are used. Do not fix onto a plasterboard wall unless backing timbers or suitable alternative of sufficient strength is used to ensure a safe and adequate assembly.

These Rails are NOT suitable for use inside Shower Areas

A75HGRLC	Chrome	5 391269 743117	109.04

Please note that fixings are not included with these rails as the fixing method will depend on the structure onto which the rail is to be secured. If fitting to a concrete or masonry wall, make sure that good quality plugs and screws are used.

Do not fix onto a plasterboard wall unless backing timbers or suitable alternative of sufficient strength is used to ensure a safe and adequate assembly.

Both rails incorporate a simple "lift and lock" safety mechanism which keeps the Grab Rail upright against the wall when it is not in use.

Note that in relation to the version with the support leg; a simple to adjust clip is fitted which enables three variations in the length of the leg to be chosen.

Universal Turn Lever Style Tap Head Conversion Kit

Stock Code	Size	
A14TUTK	1/2"	
Package Type	Width cm	Height cm
Card	25	26.5
List Price €	23.84	

This Tap Head Kit facilitates the replacement of old tap heads where the distance between the top of the tap body and the seating inside is greater than the corresponding distance in modern taps.

Change from traditional type spindle style taps to Quarter Turn Lever Style Taps without the need to change your taps.....simply change the heads! Complete and easy to follow instructions will be found on the rear of this card.

The easy to turn levers are more easily used by the elderly or young children and by those with limited mobility - but also smart enough to be used on any taps which require to be brought up to date!

Can be installed in both LowLevel and Close Coupled WC Suites

Flushing Valve suitable for:

The Easi Flush button may be positioned in the Cistern Lid or the front or side walls.
